Developing skills in the field of integrated energy  
planning in MED Landscapes

## Workshop on RES and new technologies for energy production Malta, 2nd-6th May 2017

Bayview Hotel - 143, The Strand, Gzira-Sliema GZR 1026 – Malta

### Workshop Agenda

#### Day 1 - Tuesday

- 16.00-18.00
- Opening and Welcome
  - Presentation of the workshop contents and objectives – MIEMA

#### Day 2 - Wednesday

- 9.30 - 13.00
- Overview of available innovative technologies in the RES sector (Solar, Wind power, Biomass, Geothermal, RES in the marine environment, etc.) - MIEMA
  - Partners' presentations concerning "Technological innovations in renewable energy production in the countries involved in the ENEPLAN project", including the presentation of one significant case study/example per partner – ALL PARTNERS  
\* 11.15 – 11.30 *Coffee break*

13.00 - 14.00 *Lunch break*

14.00 - 17.00 Partners' presentations (continuation) - ALL PARTNERS

#### Day 3 – Thursday

9.30 - 11.30 Steering committee meeting: Approval of finalized outputs; Technical and Financial review; Next activities and deliverables to be implemented, role and responsibilities of partners – ROMA 3

11.30 - 11.45 *Coffee break*

11.30 - 13.00 Quality board meeting - JUST

13.00 - 14.00 *Lunch break*

14.00 - 17.00 Discussion and exchange of experiences on the educational activities implemented so far, with a focus on any problem encountered by the partners - ALL PARTNERS

## Day 4 – Friday

9.30 - 11.15      Exercise 1 on concept mapping (group work): Listing key concepts and building up domains of knowledge for the common C-MAP on RES and new technologies for sustainable energy production - ROMA 3/MIEMA

---

11.15 - 11.30      *Coffee break*

---

11.30 - 13.00      

- Plenary discussion on the outputs of Exercise 1 - moderated by ROMA 3
- Exercise 2 on concept mapping (group work): Defining connections among concepts – ROMA 3/MIEMA

---

13.00 - 14.00      *Lunch break*

---

14.00 - 18.00      

- Plenary discussion on the outputs of Exercise 2 - moderated by ROMA 3
- Presentation of a preliminary version of the Thematic C-MAP on RES and new technologies for sustainable energy production
- Discussion on: relations between the Thematic C-MAP and the C-MAP 1.0; how to develop the C-MAP 1.0 and enrich it with useful contents and materials to improve the teaching/learning experience – ROMA 3

---

## Day 5 - Saturday

9.30 - 11.00      Closure of the meeting

---
