

EXERCISE 4: DESCRIBE AN ENERGY PLANNING PROCESS

GUIDELINES FOR COORDINATORS AND TUTORS

Objective	Putting together the knowledge gained during the workshop.
Suggested focus question	How do we make, assess, manage and monitor an energy programme/plan for the area xxx?
Suggested steps	<ol style="list-style-type: none"> 1) Tutors briefly present the exercise, distributing the guide for students (15') 2) Students form groups of 3 to 5 people (better if from different disciplines/backgrounds) and determine a hypothetical context based on the examples of preliminary focus questions provided (30') 3) Students should imagine the contents of the energy plan/programme, and the process of its elaboration and implementation, and describe all this with a concept map. Students can use the ENEPLAN Cmap as a guide, example or starting point (3h 15') 4) Groups present their maps and discuss them (1h) 5) Groups improve their maps based on the discussions and prepare to present them in a plenary, if foreseen (1h)
Equipment needed	<p>Laptop or desktop PC with Cmap Tools software installed</p> <p>Internet connection</p> <p>Hard copies of the guide for the students</p>
